Armband Numbers / Check-In:

Armbands will be available at the check-in table (alphabetical by owner). Gate sheets will be available for check-in **only**. Any changes in running order must be done by the Gate Steward for the class.

Check-in for measuring: Begins both days at 7:00 a.m. Additional measuring time will be provided (as available) as courses are being set. If a measurement is necessary, it is the exhibitor's responsibility to have their dog(s) measured prior to running. We do not expect to have a VMO present at this trial. Dogs without a valid Jump Height Card/Form will need to be measured one of the Judges PRIOR to running in their class. This measurement will be valid for the weekend of trials ONLY. (Dogs jumping 24"/26" Regular or 20" Preferred are not required to be measured.) Reminder: All exhibitors should carry their dog's original AKC official Jump Height Card with them to each trial, in order to present the card, should they be asked, upon request.

Move ups for the July 25 trial must be received by 6 p.m. on Monday, July 20. Day-to-day move ups will be allowed between trial days and must be submitted in person to the trial secretary within ½ hour of the end of judging on Saturday. The move-up book will be located on the check-in table. Just fill out your move-up form and leave it in the book. Magically, your move-up will happen overnight. ☺

Parking: See Parking - Special Instructions page in judging schedule.

Food and refreshments will be available at the trial site.

Crating/setup: The building will be available on Saturday immediately after all equipment is unloaded on Saturday (approximately 7:00 a.m.), and at 6:45 a.m. on Sunday morning. NO SET-UPS or site accessibility on Friday evening. Water ONLY in the crating area, please.

This is a full trial, and crating space is limited, so plan on getting cozy with your neighbor and sharing where you can. There is additional crating space upstairs. Due to space limitations, unentered dogs may be asked to leave. All walkways must be kept clear (per fire marshal).

Parking - Special Instructions

The parking map below clearly outlines available parking. The facility marks spaces that are used for their tenants and employees, so please be sure to respect those signs. The spaces marked "Reserved for exhibitors working from their cars" (this map is used year-round) may be used for that purpose ONLY if the weather permits. They will not be policed; it's an "honor system" style of parking. ☺ Even though it can be a little tight, there is sufficient room inside, so we encourage you to crate inside where it's cool if the July temperature goes crazy as it sometimes does.

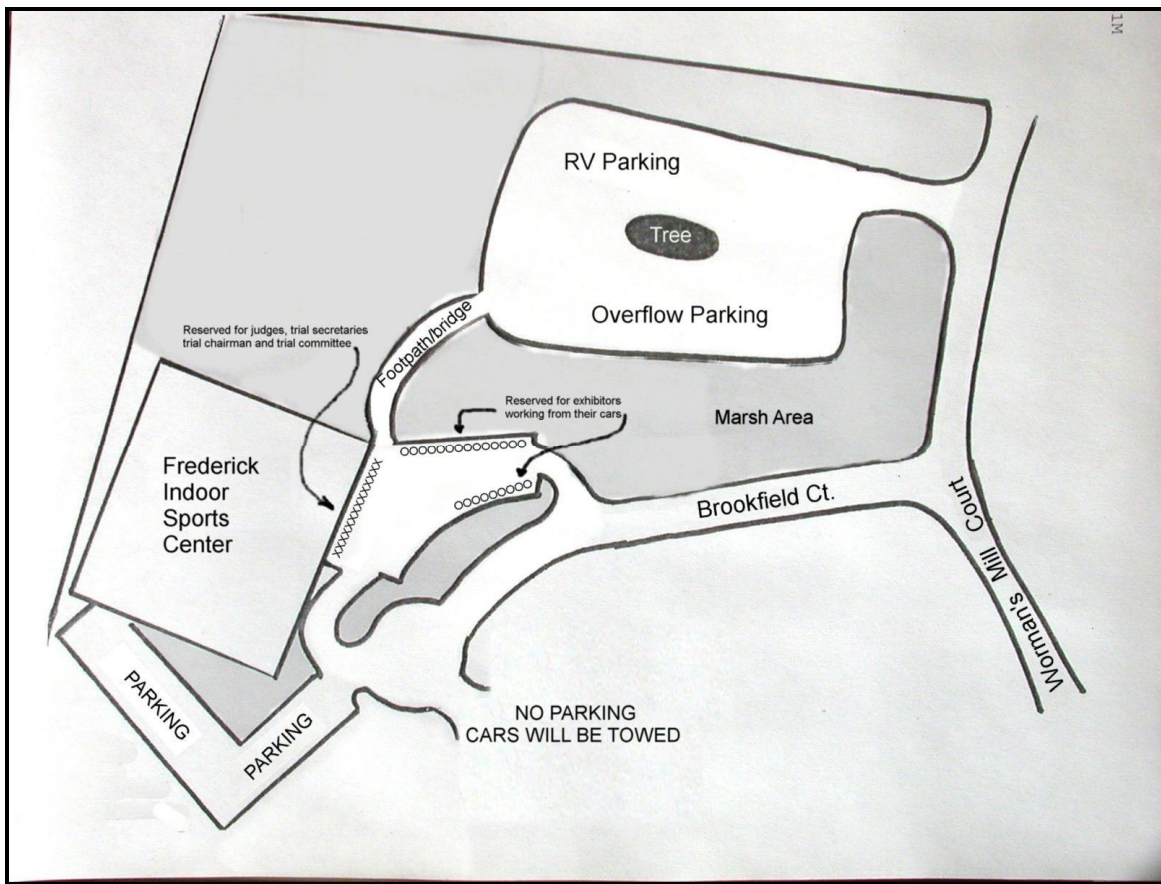

Please do NOT block the driveways.

There additional parking in the circular paved "overflow" area to the right of the building. **No ex-pens** in the parking area.

This is a full trial! Here are a couple of things exhibitors can do to help things run quickly and smoothly:

Please be on the line at least 4 dogs before your turn.

IMPORTANT:

Handlers with multiple dogs: Please request to walk with an EARLIER height group other than the one your dog is entered in if a conflict is imminent. This insures timely results for each height.

Enjoy!
